090M

24 JAN 2014

From: Commanding Officer, Naval Hospital Camp Pendleton

Subj: ENVIRONMENTAL POLICY STATEMENT

Ref: (a) OPNAVINST 5090.1C

1. We must ensure a safe and clean environment for our patients and staff. Per reference (a), our policy is to:

a. Conduct business in a manner that protects public and occupational health, the environment; staff, employee and community safety.

b. Design our facilities, operations, and services to be more efficient and to reduce energy, water, and material.

c. Comply with all applicable environmental, health, and safety laws, regulations, and the hospital Environmental Management System (EMS) manual policies and procedures.

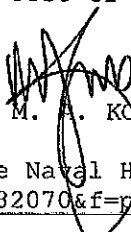

d. Prevent pollution by utilizing cost-effective environmental technology and procedures and minimizing the generation of waste and release of pollutants.

e. Comply with federal sustainable (green products) acquisition preference programs and requirements to the fullest extent possible.

f. Continually improve our EMS to ensure ongoing and measurable improvement, leadership, and stewardship in protecting the environment, preventing pollution, promoting safe work conditions, pursuing sustainable business practices, and attaining our established environmental objectives and targets.

g. Collaborate with our communities to protect and improve the environment by communicating our policy to all staff, contractors, and the public.

2. Point of contact for additional information is Juan Alvarado, Environmental Management, at (760) 725-5858 or juan.alvarado@med.navy.mil.
