IMPORTANT THINGS TO UNDERSTAND:

It is not advised to make any plans (i.e. leave, purchase airline tickets, visit family, pack belongings, rent out your apt./home, etc.) until your overseas screening has been completed and approved. Overseas screening can take up to an average of 30-45 days (if medical information or clarification is needed from the gaining command the time frame is longer) for approval. Please answer all questions accurately and honestly. Failure to give disqualifying information or failure to notify the OSS coordinator of changes may result in disciplinary action under the UCMJ, Article 107.
